Big Black Dog

Motorpsycho

sunlight
please find me
the big black dog
is out there in the night
sunlight
please stay here
the big black dog
won't Iet me go tonight
keep your light
shining bright
I've lost my way
I see no path
safe from his wrath
please keep
this hound at bay
sunlight
please warm me
cold emptiness
is out there in the fog
sunlight
please save me
please keep me safe
and stay the big black dog
keep your light
shining bright
I've lost my way
I see no path
safe from his wrath
please keep
the hound at bay
and show the way
bring the day
the night is way too dark
I need the light
more tonight
I think I hear him bark
it's late, we saw it too late
now the gods are just
playing dice with fate

we're so small
we don't matter at all
maybe we were just all
set up to fall?
slowly
steady
insistent
incessant
fire, fire!
well, the prospects are dire
it's too late and
the guards are all
too tired
you're one
you're the prodigal son
come on home now
the madness has begun
slowly
steady
insistent
incessant
vacant and numb
sunlight
please find me
the big black dog
is out there in the night
sunlight
please warm me
the big black dog
is out there in the night
patient
so patient
sunlight
please warm me
cold emptiness is
out there in the fog
sunlight
please save me
please keep me safe
and stay the big black dog
