Desert Planet

I am your host for the evening
Don't take the bullet out- leave it in
Intoxicate me til I'm bleedin gin
And I still walk straighter than them thieving

Men

5 million ways to ho- choose one
Consider this game to go- use some
Stockbrokers pace the floor and do some

State fellatio and ooh um

Ay man fuck them Federallies

Muthafuckas can't get enough bread at

Rally's

Bringin white girl through Mexicali

Homies come up and got dead in alleys

Thinking bout bills and scratch to make

Revolution Rock on acetate

They seein how much our ass'll take

How much money can them bastards

Make?

We gon wrestle fate

Tell em pass the cake

Some get drunk of Jack and baked

Yack in the back

Come back and drank
Some just mentally masturbate
Won't graduate from class debate
Point forty-four is the calibrate
But they'll replace it if we assassinate
Fuck big biz and their magistrates
Explode on the scene and smash the state
