

What Is Happening?

Alphabeat

Oh, when I said I need you so much
I was dead, I was alive
When you were right here by my side
We both could see
That I needed you, you needed me
And now we both regret, regret what we said
When we said
Don't you ever come back
Don't you ever come
Don't you ever come back
Don't you
Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening?
Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening?
So whose fault is it anyway?
Don't say we don't know
We both know that we made a mistake
It's hard to live together forever
Well, that's what they say
We still regret what we said, what we said
So whose fault is it anyway?
Don't say we don't know
We both know that we made a mistake
It's hard to live together forever
Well, that's what they say
We still regret what we said, what we said
When we said
Don't you ever come back
Don't you ever come
Don't you ever come back
Don't you
Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening?
Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening?
Oh, when I said I need you so much
I was scared, I was alive
When you were right here by my side
We both could see

That I needed you, you needed me
And now we both regret, regret what we said
Yeah, yeah, yeah Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening? Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening? Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening? Don't go out tonight
Baby, can't you see
What is happening to you?
What is happening?
