Hiroshima

The Filaments

Wait a minute, wait a minute there he is. His ass is a dead motherfucker
When I get my hands on him!
Dogg, your gonna get fuckin' busted! she'll break out with DNA on that ass.
She'll fuckin' use forensic science, whatever it takes, you ain't getting
Away with it. Your gonna get fuckin' busted, I'm fuckin' tell ya!
DROPPIN' BOMBS ON THAT ASS!
Only sixteen, a hottie across the street
Washin' her daddies car she was toying with me
She came inside, and promised, wouldn't take long
She's about to swallow, when my lady came home and caught me!
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
[Shaggy 2 Dope]She was bitchin' mad out of control, like Hiroshima!
I thought the bitch was gonna' explode, like Hiroshima!
I never smoke, my woman hates it, it's wrong
But this ganja Mike Peezy had, it just smelled so strong
Roll it up, fuck it! I puffed it and passed
Not knowing my woman was standing right behind my ass
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!

Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
[Shaggy 2 Dope]The bitch was stompin' shakin' the floor, like Hiroshima!
I swear to God I couldn't take it no more, like Hiroshima!
I love this woman, just as much as one can
Something's I do, she will never understand
I love Dark Lotus, and she loves the Cure
I love my wrestling, and she says absurd
She disses my style, she disses my rap
She makes my dick hard when she sits on my lap
If she dissed my homies I guarantee you some drama
I'll pack that bitches shit up, and send her back to her momma
Like Hiroshima
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
Down on my knees! Get ready, here she comes!

I'm begging you please! Get ready, HIROSHIMA!
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
Down on my knees! Get ready, here she comes!
I'm begging you please! Get ready, HIROSHIMA!
