

Missin' You

Little Feat

Missin' you, I'm missin' you
All those lovely things you do
I tell ya true, it hurts the way I'm missin' you
Nashville at sunrise rains poundin' on my window
Draws my sleepless eyes
To witness one more dawn a break and winter's cold outside
Oh, I broke down and cried 'Cause I'm missin' you, I'm missin' you
All those lovely things you do
I'll tell you true it hurts the way I'm missin' you
We're on to Virginia, my heart cries I'd go home
I need love within you
To keep warm these days away, it's all I have to cling to
But home I come my broken heart I'll bring you 'Cause I'm missin' you, I'm missin' you
And all those lovely things you do
I'll tell you true it hurts the way I'm missin' you 'Cause I'm missin' you, I'm missin' you
All those lovely things you do
I'll tell you true it hurts the way I'm missin' you
