

# Gracious Good Shepherd

[Vanessa Williams](#)

Gracious good shepherd  
Do you really know who I am?  
Gracious good shepherd  
Will you answer when I call your name? Gracious good shepherd  
You can hear confusion crying out  
Gracious good shepherd  
What little faith I have I am ashamed I visualize an angel  
All freezing and bitter cold  
I cannot believe the love there  
What heavenly sacrifice Gracious good shepherd  
If you hear me now, I love you so  
Gracious good shepherd  
Why for me? Gracious good shepherd  
You say you love the lost born  
Gracious good shepherd  
I believe that one is me Some tell me the virgin birth is  
A beautiful ancient tale  
But you tell me Gods constellation  
Led all to the living well Gracious good shepherd  
If you hear me now, I love you so  
Gracious good shepherd  
Why, why for me? Gracious good shepherd  
Do you really know who I am?  
Gracious good shepherd  
Will you answer when I call your name? Gracious good shepherd  
These are different times, I'm sure you see  
Gracious good shepherd  
We need, you now
