

Gracious Good Shepherd

[Vanessa Williams](#)

Gracious good shepherd
Do you really know who I am?
Gracious good shepherd
Will you answer when I call your name? Gracious good shepherd
You can hear confusion crying out
Gracious good shepherd
What little faith I have I am ashamed I visualize an angel
All freezing and bitter cold
I cannot believe the love there
What heavenly sacrifice Gracious good shepherd
If you hear me now, I love you so
Gracious good shepherd
Why for me? Gracious good shepherd
You say you love the lost born
Gracious good shepherd
I believe that one is me Some tell me the virgin birth is
A beautiful ancient tale
But you tell me Gods constellation
Led all to the living well Gracious good shepherd
If you hear me now, I love you so
Gracious good shepherd
Why, why for me? Gracious good shepherd
Do you really know who I am?
Gracious good shepherd
Will you answer when I call your name? Gracious good shepherd
These are different times, I'm sure you see
Gracious good shepherd
We need, you now
