

# The Day You Went Away

M2M(çªçª•ç¾Žçœ‰)

Well I wonder could it be  
When I was dreaming 'bout you baby  
    You were dreaming of me  
    Call me crazy, call me blind  
To still be suffering is stupid after all of this timeDid I lose my love to someone better  
    And does she love you like I do  
    I do, you know I really really doWell hey  
        So much I need to say  
        Been lonely since the day  
        The day you went away  
        So sad but true  
        For me there's only you  
        Been crying since the day  
The day you went awayI remember date and time  
    September twenty second  
    Sunday twenty five after nine  
    In the doorway with your case  
    No longer shouting at each other  
There were tears on our facesAnd we were letting go of something special  
    Something we'll never have again  
    I know, I guess I really really knowWell hey  
        So much I need to say  
        Been lonely since the day  
        The day you went away  
        So sad but true  
        For me there's only you  
        Been crying since the day  
The day you went awayThe day you went away  
The day you went awayDid I lose my love to someone better  
    And does she love you like I do  
    I do, you know I really really doWell hey  
        So much I need to say  
        Been lonely since the day  
        The day you went away  
        So sad but true  
        For me there's only you  
        Been crying since the day  
The day you went awayWhy do we never know what we've got 'til it's gone  
    How could I carry on

The day you went away  
Cause I've been missing you so much I have to say  
    Been crying since the day  
The day you went awayThe day you went away  
    The day you went away
