

# Bug

## Wavves

you're such a bug to me man  
you're such a drag on everyone  
you're such a burned out zombie  
you always suck out all the funyou're no fun  
you're no fun  
you're no fun  
you're just dumb  
you're no funyou're always crashing parties  
you're always crashing someones car  
you're always crashing on your new girl's place  
until she finds out who you areyou're no fun  
you're no fun  
you're no fun  
you're just dumb  
you're no fun
