

# Love Sensation

911

Don't go changing, rearranging  
Don't go changing, rearranging  
Hold on to a love sensation  
If you ever go away  
That would be my darkest day We've been drawn together  
By love's chemistry  
I was born to be by your side  
Sure as the river meets the sea  
We've only known each other  
For a little while but you're my destiny I would move all Heaven and Earth  
Just to set you free  
In lover's liberty  
Inject the chemistry  
That's gonna move you  
Never gonna lose you Don't go changing, rearranging  
Hold on to a love sensation  
If you ever go away  
That would be my darkest day Lately I've been seeing  
A little doubt in your eyes  
You used to call me every day  
And say the things  
To keep me satisfied I would move all Heaven and Earth  
Just to set you free  
In lover's liberty  
Inject the chemistry  
That's gonna move you  
Never gonna lose you Don't go changing, rearranging  
Hold on to a love sensation  
If you ever go away  
That would be my darkest day Don't go changing, rearranging  
Hold on to a love sensation  
There's a power energy  
That only flows from you to me
