

# Bo\$\$ Playa

## Snoop Dogg

Boss playa, boss playa  
Big Snoop Dogg is a boss playa  
This is the Archbishop, Don Magic Juan  
Skin and game, cheah  
Many people don't be knowin' about this pimp game  
But I'm sure, they wanna know about this pimp game  
And to me, you know it ain't no motherfuckin' thang  
To give it to you plain and simple 'cause you know it's played  
Holla at 'em Doggy Dogg, go and do that thang  
Okay son, tell ya like my nigga 'Pootie Tang'  
I got that bounce to make her booty swang  
That little cutie thang, 'fraid she's a beauty bang  
Rollin' with a player cause thats what he was  
And dedicated to his paper, Jesus  
On his bitches hard as feeds uck  
And if them law boys pull him over he won't freeze up  
He got the heata-fa-heata and the keysa  
With a pocket full of big faced Visas  
They say it's cheaper to keep her, now baby, ease up  
Kick back and blaze some of these trees up  
Now, sit your ass in the treesa  
And do me a favor and turn the music up  
Should I slap her or should I freak her?  
I'll take the stronga, you can have the weaka  
Speak when spoken to, yeah, I broke a few  
And by the way, I was hoping you  
Had a freak for me and a freak for you  
I make 'em do for us  
The thang you been wantin' her to do for months  
Many people don't be knowin' about this pimp game  
But I'm sure, they wanna know about this pimp game  
And to me, you know it ain't no motherfuckin' thang  
To give it to you plain and simple 'cause you know it's played  
Holla at 'em Doggy Dogg, go and do that thang  
Okay son, I'll tell ya like my nigga 'Pootie Tang'  
I got that bounce to make her booty swang  
That little cutie thang, 'fraid she's a beauty bang  
This is the Chairman of the Board  
The Archbishop Don Magic Juan

Big Snoop Dogg is a boss playa  
As a matter a fact, I was there  
When he was crowned 'Boss Playa', cheah  
I had three on my right arm and four on my left  
Lime, green and gold, we was sharp to death  
Had to catch my breath, watch my step  
Playin' this game, you can holla at the ref  
And call a timeout, before you put your dime out  
Stop, pause, rewind before you put your rhyme out  
And go to the 'Wizard of Oz'  
And tell 'em that you're tryin' to get yourself a brand new heart  
A brand new start, 'cause you realized  
That you hadn't played your part and that was smart  
It's like a art the way I articulate  
And break these bitches from state to state

See, I've been the flyest since I came out the gate  
I ain't ask for it, homie, I just shake and bake  
I won't fake to make you buy my tape  
I say a prayer to the Lord, just to keep my faith, fuck straight  
Many people don't be knowin' about this pimp game  
But I'm sure, they wanna know about this pimp game  
And to me, you know it ain't no motherfuckin' thang  
To give it to you plain and simple 'cause you know it's played  
Holla at 'em Doggy Dogg, go and do that thang  
Okay son, tell ya like my nigga 'Pootie Tang'  
I got that bounce to make her booty swang  
That little cutie thang, 'fraid she's a beauty bang  
Will you steal for me? Yes, I will  
Will you kill for me? Yes, I will  
Would you lie to me? Never  
Would you die for me? Whenever  
Will you steal for me? Yes, I will  
Will you kill for me? Yes, I will  
Would you lie to me? Never  
Would you die for me? Whenever, whenever  
Big Snoop Dogg lets you know  
That this game ain't for no lame  
If you got heart, you can play this game  
But if your heart ain't right  
We got a remedy for that too  
You gotta go see the wizard to get you some heart  
And the Archbishop Don Magic Juan is the Wizard  
That's got the game for them lame, boss playa, boss playa  
That's what this gang is all about boss playa

Many people don't be knowin' about this pimp game  
But I'm sure, they wanna know about this pimp game  
And to me, you know it ain't no motherfuckin' thang  
To give it to you plain and simple 'cause you know it's played  
Holla at 'em Doggy Dogg, go and do that thang  
Okay son, tell ya like my nigga 'Pootie Tang'  
I got that bounce to make her booty swang  
That little cutie thang, 'fraid she's a beauty bang  
Gangsta, Gangsta, where you been?  
Round the corner messin' with Brothanem  
Youngsta, Youngsta, you at it again?  
Poppin' gats for the fuck of it, when you know you got ends  
I don't think that you should be in the streets like that  
You know you the fashion type of cat  
Always in them stores, with major whores  
Doin' things, bling, bling  
West Coast runnin', lovin', hustlin' smokin'  
Always chokin' in the green  
With the sticky in yo hand fo sho  
Everybody round ya 'cause they know you got mo'  
Wet Cristal, you like to get wild  
You like to dip in yo sexy shit  
Rollin' through them streets, poppin' CPT  
L.B.C. rollin' with me, oh
