

# The Lion from the North (English Version)

## Sabaton

A time of religion and war  
Legends tell the tale of a lion  
This beast in the shape of a man  
With a dream to rule sea and land And all those who stand in his way  
Die by God and victorious arms  
With the righteous that follows him south  
Once more set ashore to war Legends have taught battles fought  
This lion has no fear at heart  
Lion come forth come from the north  
Come from the north Gustavus Adolphus  
Libera et impera  
Acerbus et ingens  
Augusta per augusta A storm over Europe unleashed  
Dawn of war a trail of destruction  
The power of Rome won't prevail  
See the catholics shiver and shake The future of warfare unveiled  
Showed the way that we still walk today  
Der LÃ¶we aus Mitternacht comes  
Once more he is here for war Stories of old truth unfold  
Control over Europe he holds  
Freedom he'll bring  
Lion and king lion and king Gustavus Adolphus  
Libera et impera  
Acerbus et ingens  
Augusta per augusta Gustavus Adolphus go forth libera impera  
(Gustavus Adolphus Libera et impera)  
Acerbus et ingens go forth libera impera  
(Acerbus et ingens Augusta per augusta) Mighty eagle rule alone  
Liberator claim the throne  
Lion from the northern land  
Take the scepter from its hand  
Take the scepter from its hand  
Take the scepter from its hand  
Take the scepter from its hand  
(Oh oh oh you lion from the north  
Ooh you lion from the north) Legends have taught battles fought  
This lion has no fear at heart  
Lion come forth come from the north  
Come from the north Gustavus Adolphus

Libera et impera  
Acerbus et ingens  
Augusta per augustaGustavus Adolphus go forth libera impera  
(Gustavus Adolphus Libera et impera)  
Acerbus et ingens go forth libera impera  
(Acerbus et ingens Augusta per augusta)
