

Lone Wolf

Eels

I am a lone wolf
I always was
And will be
I feel fine
I am resigned to this.

I am a lone wolf.
I am a lone wolf.

Got my kiss(?)
Wrapped up on my suitcase(?)
In my suitcase
I take it down the street
to a place with plenty
of space for me.

I am a lone wolf.

I am a lone wolf
It blows my mind
That people wanna try
to get inside my tired head

I am a lone wolf.
I am a lone wolf.
