

# Ladies And Gents

## Angie Martinez

Geah let's get it goin' now  
Snoop Dogg, Angie  
All my ladies and my gents  
All my players and my pimps  
Snoop Dogg

Ladies and gents, players and pimps, gather up  
We gon' be poppin' in the bitch until you had enough  
Glad at us, mad at us, look at these competitors, c'mon, c'mon  
I set 'em up, wet 'em up, Angie's chillin', shut up  
Get 'em up off they seat, in the LBC  
We throw partys and let the ladies in for free  
We get the DPG, on yo' radio station for the Y2G  
Up close and personal, West Coast professional  
Nigga what'chu reppin' for? Dogg what'chu got yo' weapon for?  
Bitch nigga get the steppin', smo', get the steppin'  
You besta' back up off'a me, I break you up, wake you up  
Shake you up, and take you up on top'a the world, baby girl  
Big Dogg, yes, y'all in this BI, holla  
I keep it PI for all the people, mami's wit' the fine punani's  
I'm in the projects, on deck, baby come find me  
And gimmie what I gotta get I know you feel me now  
I want you feel this dick, see that's gangsta' shit, gangsta' style  
It taste like E and J brandy sweet, like candy  
Baby said she wanna be down wit' a nigga brandy  
Ooh fuck wit' yo' man then

Ladies and gents, players and pimps, gather up  
We gon' be poppin' in this bitch until you had enough  
Glad at us, mad at us, look at these competitors  
I set 'em up, wet 'em up; Angie's chillin', shut up  
Get 'em up off they seat

In the NYC, we throw partys and let the ladies in for free  
We get the DPG on yo' radio station for the Y2G  
It's the big bamboo rollin' , Prada purse swollen  
Ben Franklin foldin', we here to get it goin'  
'Bout to bust in the party wit' my people, flyin' out west side in my Zito  
And I'm sittin' on chrome, status well known  
From a small lot in Brooklyn, I buy this side chrome, okay  
If you wit' me let me hear ya, aight, aight  
And if you lift it and you feelin', aight, aight

Cozmos when I toastin'  
Crackin' jokes wit' my girls, clown roastin', how high?  
Fake ballers in the spot high postin'  
Get out my air, can't you see my lows are frozen? We  
You see niggaz be partyin', checkin' out my body  
And get out, outta hand I gotta quarter Terror Squadians  
Or D-O-double-G'll to come and get'cha  
Get the picture, who is ya? They'll flip ya f'real  
Ladies and gents, players and pimps, gather up  
We gon' be poppin' in this bitch until you had enough  
Glad at us, mad at us, look at these competitors
