Excessit

Spiral Architect

Lost in an orbit ride,
Climb onto your highest mountain,
Find the fountain
Wandering through shadows, on and on
Climb on higher find the fountainFall into spirals of condemnation
And sacrifice your past to the fountain
Know not how to get away from yourselfRiding through the path of totality surfing hypersonic jets
Equation of time
Tracking golden spirals, contained within primordial seeds
Reincarnation of your selfFall into overdrive,
Climb onto your highest mountain,
Find the fountain
Wandering through shadows, on and on in despair
Your death shroud enters your mind,
Disguised as virginity
Trapped in perverted ritesYoung child's subverted mind
Sheds it's atmosphere
Modus in rebus est
