White Girl

Soul Coughing

White girl
Market at Van Ness
Heels to drag
Discombobulated
Air all soft around
Hear the man singing
Inclines and wires
Telegraph AvenueLook away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sightDropped here
By the hand of the astronaut
Builder of the pyramids
The man from outer space
Innocent farm girl
Raised by the aliens
Out in North Ridge
Out in the larger worldLook away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sightOf out of sight
Of out of sight
Of out of sight
Of out of sight
White girl
White girlLook away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sight
Look away and she's eastbound, out of sightWhite, girl
White, girl
White, girl
...
