

Queen of the Hop

Bobby Darin

Well, you can talk about your Julie and your Peggy Sue
You can keep your miss Molly and your Mary Lou
When it comes to the chicken or doin' the bop?
I got a girl they call the queen of the hopOh, well I love my queen
Do you know who I mean?
Sweet little sixteen
Yes, that's my queenWell, she wears short shorts and a rock 'n roll shoes
You ought to see her dance to the Yellow Dog Blues
She's my sugar time baby, I'm her lollipop
An' everybody knows I love my queen of the hopOh, well I love my queen
Do you know who I mean?
Sweet little sixteen
Yes, that's my queenOh, well she tunes in to Bandstand every day
To watch the kids dancin' 'cross the USA
She don't care 'bout a thing except in rock 'n roll
My baby drives me crazy when she does the stroll, yeahOh, she tunes in to Bandstand every day
To watch the kids dancin' 'cross the USA
She don't care 'bout a thing except in' rock 'n roll
My baby drives me crazy when she does the strollOh, well I love my queen
Do you know who I mean?
Sweet little sixteen
Yes, that's my queenWell, that's my queen
Yes, that's my queen
Oh, well that's my queen
Yes, that's my queen
