

Do You Like Boys?

Freezepop

I once had a lover
who said that he could not love just one girl
but he could not love at all
and now you're saying
that you're not sure if you want him or me
so I guess I must choose for you

tell me baby, do you like boys
or do you prefer us sweet little girls
I want to know now
do you like boys

do you remember
we used to play with anna-mette and tom
I was quite fond of him
so were you
now we're together
and you say that I'm your only love
but I think you wish I was a he

tell me baby, do you like boys
or do you prefer us sweet little girls
I want to know now
do you like boys
(2x)

(instrumental break)

tell me baby, do you like boys
or do you prefer us sweet little girls
I want to know now
do you like boys
hey-hey hey
tell me baby, do you like boys
or do you prefer us sweet, little girls

do you like boys
(I wanna know now)
(4x)
do you like boys
