Happy Man

Sunnyboys

Sitting here in my room
The whole damn thing is coming down on me
Gotta straighten out, find an answer to my prayer, oh yeah
Well everything looks so grand
From the position I stand, yeah
Stop that sound can't you leave me alone try to understand me now
I've gotta hang up
I can't communicate
I've gotta hang up
But I'm a happy manMemories of you tearing me apart
I think I'm swimming in a sea of doubt now, yeah
I get so uptight I keep on telephoning up now, well alright
I've gotta hang up
I can't communicate
I've gotta hang up
But I'm a happy man
I've gotta hang up
I can't communicate now
I've gotta hang upBut I'm a happy man
But I'm a happy man
But I'm a happy man
But I'm a happy man now
But I'm a happy man
