We Did It Again

Ja Rule

Ow
Yeah we did it
(It's on fire)
Yeah, we did it
(We are ready to rock this)
Yeah, we did it
(Uh uh ye got Metallica, in here)
Yeah, we did it
(Ja rule,Swiss the Monster)
Let's goJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
We did it, did it againJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
We did it, did it againI love fast cars, fast brauds
'Cause I'm a rockstar, baby
Born in the U.S.A
I'm gonna hit the highway on my Harley, do about 38Nothin' else but take it easy
Any woman that won't please me, I'll give her up
Anythin' that won't touch or move me, I'll give it up
And I know you're all serious
We did it, did it againMore than this, nevermore you whippin' boy
Yeah, we did it
More than this, nevermore you whippin' boy
Yeah, we did it, let's goJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
We did it, did it againJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
We did it, did it againWho loves a little rock and roll
Mixed with a little bit of hip hop soul? We do
Come one on a rock steady, keep you rockin'
Get ready and say we did it, we did it againBelieve in the air you breathin'
I'm a mad work freak with a freaky weekend
No matter what you spend 'cause your just livin' it up
And damn, if we don't do it againCome on in, baby bring some friends
We havin' a party, tonight

I'm bringing juice and gin, you'll beat your head
Swiss we did it, did it againMore than this, nevermore you whippin' boy
Yeah, we did it
More than this, nevermore you whippin' boy
Yeah we did it, let's goJust when you thought it was over
Just when you thought we were done
Rip that smile right off your faceJust when you thought it was over
Just when you thought we were done
Rip that smile right off your faceFast cars, fast brauds
I'm a rockstar, baby
Born in the U.S.A
Highway, HarleyWho loves a little rock and roll
Mixed with a little bit of hip hop soul
We do, we do
Now break it down, break it downMore than this, nevermore you whippin' boy
Yeah, we did it
More than this, nevermore you whippin' boy
Yeah, we did it, let's goJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
Yeah, we did it, did it againJust when you thought it was over
Just when you thought we were done
Just when you thought it was safe now
Yeah, we did it, did it againYeah, you know about that time
Rip that smile right off your face
Rip that smile right off your face
Rip that smile right off your face
Rip that smile right off your face
Rip that smile right off your face
