

# Switch Up (feat. Big Rod)

**Toni Romiti**

(Switch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?)How could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarred  
Like I never meant a thingHow could you switch up on me?  
You did it so easily  
You broke my heart  
How could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarred  
Like I never meant a thingHow could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarredSwitch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?You broke my heart  
You left me scarred  
Switch up  
At first, you wasn't my type  
But then I learned  
You were just what I like  
There wasn't a day  
When you weren't on my mind  
Now it seems like you've  
Just changed over night  
You changed up, like I changed clothes  
You changed up, for them lame hoes  
You asking me to stick around  
Like what the fuck would I stay for  
I won't be no lame for you  
Never catch me chasing you  
If you wanna fuck with them stupid hoes

Well guess what I'm not saving you  
They gone take yo bread  
Yo piece of mind and yo sanity  
When I spread my legs for someone else don't be mad at me  
Cause you had your chance too bad, too sad  
Oh got a new bitch well guess what  
Umm shes not as bad as me  
And I know for a fact  
That she cant throw it back like me  
And I know for a fact  
That she cant throw a rack like me  
I cant believe  
You would do me like that  
How we switched up  
Man I will never understandHow could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarred  
Like I never meant a thingHow could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarredSwitch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?You broke my heart  
You left me scarred  
Switch up  
Aye chill out, wun no switch up  
It's called a mix up  
Sometimes when you think its a switch up  
Its a thirsty individual ready to mix up  
I mixed up  
It all started we was at the party  
I was off the hen I was going retarded  
She was dancing on me  
And she got me started like ooo wee  
Then I took her home  
She started fucking on me  
Started sucking on me  
Started rubbing on me  
And I swear to god ohh we made a movie  
She was bout her money  
She was bout her cash

Like blue cheese  
When the rain come, and the storm fall that's loose leaf  
How the fuck did I switch up?  
You was on my side like?  
Then I'm at yo throat, like the hiccup  
You tryna play it cool  
But you gone miss us  
Let me tell the truth  
Let me fix us  
She was thick as fuck and I fell  
I was wrong as fuck and you can tell  
I cant get you out my mind  
All that I'm asking is you give me one more time  
I gotta get whats mine  
I gotta get whats mineHow could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarred  
Like I never meant a thingHow could you switch up on me?  
You did it so easily  
You broke my heart  
You left me scarredSwitch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?You broke my heart  
You left me scarred  
Switch upSwitch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?  
Switch up, switch up  
How could you switch up on me?
