

# Honeybee

## The Bears

Honeybee, don't look at me that way  
honeybee, don't look at me that way  
I've got plans,  
I'm workin' on being a holy man Honeybee, don't come so close to me  
honeybee, don't come so close to me  
an' watch your hands,  
you can't put a hold on a family man Hang on tight  
through another lonely night Honeybee, you don't look so good to me  
honeybee, you don't look so good to me  
I've got plans,  
I'm workin' on being a holy man
