Cutman

Unearth

Clenched fist, hot blooded
Make no mistake these eyes have seen what drives the blind
I need a cutman to bleed these angry eyesHallowed are those, they pay no price
Ruins abound these pawns of sacrifice
Bleed away, bleed away, bleed awayI recognize where the allegiance lies
It's cut in stone
Now I bleed these angry eyesPlease cut in stone
Now I bleed these angry eyes
Cut in stone, bleed, bleed awayTrampled are those, they'll face our hell
Ruins come round, the pawns will turn the tide
Bleed away, bleed away, bleed awayI recognize where the allegiance lies
It's cut in stone
Now I bleed these angry eyesPlease cut in stone, it's cut in stone
Now I bleed these angry eyesClenched fist, hot blooded
Make no mistake these eyes have seen what drives the blind
I need a cutman to bleed these angry eyes
