

Mistaken

Tynisha Keli

"Mistaken"[Intro:]

Mmmmm Ohhhh yeah

oh woowowoowoo ahh[Verse 1:]

See I cant Understand

Why my man raise his hand

Do it all thick and thin

Was you a rider to the end

Did my best to forget

Like everything was cool

And you aint into

But I wont be a fool[Bridge 1:]

No more excuses

Bout to lose it

I cant do this

Your games and all your lies are useless[Chorus:]

Ohhhh I cant believe you went and did me wrong

Never thought I would make it on my own

You must have me mistaken for the BITCH that you was dating on the low

Ohhh I'm better off now that I'm all alone

Cause ain't no way Im waiting by the phone

So can you take it baby??

She can freak you crazy

Put it on you daily like OHhh![Verse 2:]

La la la la la la la la laaaaaaa Sick in tired of how it feel

Couldnt you just keep it real?

Wasn't I good enough?

Didnt I show you love?

Time and time day the day

You had to have your way

You were steady in my face

Said Im easy to replace[Bridge 2:]

No more lying

Left me crying

No more Buying

Your games and all your lies about your Ohhh...[Chorus:]

Ohhhh I cant believe you went and did me wrong

Never thought I would make it on my own

You must have me mistaken for the BITCH that you was dating on the low

Ohhh I'm better off now that I'm all alone

Cause aint no way Im waiting by the phone
So can you take it baby??
She can freak you crazy
Put it on you daily like Ohh! [Verse 3:]
Your never be a part of me again
Between the sheets with me
On top of you again
Hope she makes you happy
Happy till the end
Nothing last forever
You know that Im better
Try to tell your friends that I aint worth the time
Now Im gone Im constantly on your mind
When you hear the song go ahead and press rewind
Wish we were together
Baby boy no never! [Bridge 3:]
No more excuses
Bout to lose it
I cant do this
Your games and all your lies are useless
No more lying
Left me crying
No more Buying
Your games and all your lies about your Ohhh... [Chorus:]
Ohhhh I cant believe you went and did me wrong
Never thought I would make it on my own
You must have me mistaken for the BITCH that you was dating on the low
Ohhh I'm better off now that I'm all alone
Cause ain't no way Im waiting by the phone
So can you take it baby??
She can freak you crazy
Put it on you daily like Ohh!
