

# I Bet on Losing Dogs

[Mitski](#)

My baby, my baby  
You're my baby, say it to me  
Baby, my baby  
Tell your baby that I'm your baby I bet on losing dogs  
I know they're losing and I'll pay for my place  
By the ring  
Where I'll be looking in their eyes when they're down  
I'll be there on their side  
I'm losing by their side  
Will you let me, baby, lose  
On losing dogs  
I know they're losing and I'll pay for my place  
By the ring  
Where I'll be looking in their eyes when they're down I wanna feel it  
I bet on losing dogs  
I always want you when I'm finally fine  
How you kneel over me looking in my eyes when I come  
Someone to watch me die  
Someone to watch me die  
I bet on losing dogs
