

As I Die

Six Feet Under

Tortured, been bleeding so long, Im hungry for my death
To come now, waiting hatred
Dreaming of life, false hope
Dying to live, waiting to die alone in this worldNausea, sickness, a lifeless living body barely alive
Just breathing, no feeling, none left, not for years
Alone now, waiting to die
BastardsDont let me die this way
Dont let me die
Dont let me die this way
Dont let me dieSuffer in this torture, too weak to take my life
Painful, no rest, a slow death, I cant sleep
Fear anticipation, indulgence in my own thoughts
And pain alone now, waiting to die
BastardsDont let me die this way
Dont let me die
Dont let me die this way
Dont let me dieTortured, been bleeding so long, Im hungry for my death
To come now, waiting hatred
Dreaming of life, false hope
Dying to live, waiting to die alone in this worldNausea, sickness, a lifeless living body barely alive
Just breathing, no feeling, none left, not for years
Alone now, waiting to die
BastardsDont let me die this way
Dont let me die
Dont let me die this way
Dont let me dieDont let me die this way
Dont let me die this way
Dont let me die this way
Dont let me die this wayDont let me die this way
Dont let me die this way
Dont let me die
Dont let me dieDont let me die this way
Dont let me die this way
