

# Take It Back

## Face to Face

I won, I worked too hard to get it  
So what? It's over, just forget it Too much, too soon, too late, until you realize  
You've got it made? You're in for a big surprise That's not what I want at all, that's not what I wanted  
Can I take it back? Can I take it back? I'm asking It's gone and I don't want to fake it  
It's wrong, I've become the one I hated
