

# Wall

## Living Colour

We hate each other 'cause of race and religion  
We hate each other 'cause of class and position  
We want to know why is love so hard to come by  
Give me a reason why love's so hard to try  
The walls between us all must fall  
The walls between us all must fall  
We hate each other 'cause we dance to different music  
We hate each other 'cause we think we know it all  
We hate each other 'cause that's what our parents taught us  
We hate each other for no reason at all  
The wall between us all must fall  
The wall between us all must fall  
We teach our young men how to kill and maim and torture  
We teach our young men how to make their mothers cry  
We want to know, why is love so hard to come by  
Give me the answer, why is love so hard to try?

The wall between us all must fall  
The wall between us all must fall  
This is how our world breaks down  
(The wall between us all must fall)  
This is how our world breaks down  
(The wall between us all must fall)  
This is how our world breaks down  
(The wall between us all must fall)  
This is how our world breaks down  
(The wall between us all must fall)  
This is how our world breaks down  
(The wall between us all must fall)  
This is how our world breaks down  
(The wall between us all must fall)
