

If You Need Me

Neil Diamond

If you want to know all reasons
For the things I feel inside
You can run away and hide
If you want to But if you need me
Show me a way to get through
Cause I've not see anyone like you
Since I was a man If you want to know for certain
What is written in my soul
Where my wildest dreams unfold
Like an endless stream If you need me
Show me a way to walk tall
Cause I've not seen anything at all
Until I met you Sun lights up the seasons
Blue eyes light up the night If you want to know the meaning of
These feelings that's alright
I could be with you tonight
That's where I'd like to stay If you need me
Show me a love that is true
Cause I've not seen a woman like you
Since I was a man If you want to know what magic lies
Beneath the halo'd moon
In each corner of each room
Where my love has strayed If you need me
Show me a way to walk tall
Cause I'd not seen anything at all
Until I met you If you need me
Show me a way to get through
Cause I've not seen anyone like you
Since I was a man
