Love Is True

Duce Williams

Love Is True /Duce Williams
Love is true.
Love is kind.
Love the ways will out of time.
It wonâ€™t feel.
It wonâ€™t see.
Love can hold up the whole you need.

No matter what I say, or what I do.
Love will always turn to face the truth.
In that height passing low.
It can stand without comes and go.
We all caught in love.
We all brought to love.
Something now and then.

Love is true.
Love is kind.
Love will last till the end of time.
Love in lives, and love in dies.
But you always find the end of life.

We all caught in love.
We all brought to love.
Something now and then.

We all caught in love.
We all brought to love.
Something now and then.

We all caught in love.
We all brought to love.
Something now and then.

We all caught in love.
We all brought to love.
Something now and then.
