

# Out of the Dark

## Klaxons

Out of the dark  
Out of the dark  
I can find my way  
Out of the dark  
Out of the dark  
I can find my way  
Out of the dark  
Out of the dark  
I can find my way  
Out of the dark  
Out of the dark  
I can find my way  
If you believe in truth  
There's nothing we can do  
We can settle endlessly  
We can be in harmony  
We can settle endlessly  
Let me to your lights  
So that I can find my way home  
If you let me to your lights  
I can find my way out of the dark  
Out of the dark, out of the dark  
I can find my way  
Out of the dark, out of the dark  
I can find my way
