Wildlife

Cole Swindell

We don't need a Friday
We don't need a crowded bar downtown
To get a little sideways
Yeah, we got our own way to get unwound
Every now and then
Everybody knows
You gotta live a little
Let your crazy show
When the world gets to spinnin' too fast
And you wanna make it stop
We got the spotThis is our night
This is our time
Gettin' out of sight
And out of our minds
Cold beer bringin' out the wild side
Out here livin' up the wildlife
We toast the sky with every one we know
Here's to us and just lettin' it go
Howlin' at the moon hangin' up high
Feelin' just right
Out here livin' up the wildlife
Yeah, out here livin' up the wildlifeA little static on the radio
With some seven eleven
Nights down in the cooler
That's all she wrote
We gettin' down in the dust
No, they can't tame usThis is our night
This is our time
Gettin' out of sight
And out of our minds
Cold beer bringin' out the wild side
Out here livin' up the wildlife
We toast the sky with every one we know
Here's to us and just lettin' it go
Howlin' at the moon hangin' up high
Feelin' just right
Out here livin' up the wildlife
Yeah, we just livin' it upEvery now and then
Everybody knows

You gotta live a little
Let your crazy show
When the world gets to spinnin' too fast
And you wanna make it stopThis is our night
This is our time
Gettin' out of sight
And out of our minds
Cold beer bringin' out the wild side
Out here livin' up the wildlife
Yeah, we toast the sky with every one we know
Here's to us and just lettin' it go
Howlin' at the moon hangin' up high
We feelin' just right
Out here livin' up the wildlife
Yeah, I'm talkin' bout the wildlifeEverybody raise them up
We're livin' the wildlife tonight
