

Easy Girl

My Life With the Thrill Kill Kult

Easy girl
Easy girl
Don't stop
What's the matter with you?
Don't stop
Don't stop
What's the matter with you?
Don't stop
I...! Don't be ridiculous
Religious whore
Mystic harlot
Waltz me down
These streets of grime
Exposing her mind
For the pleasure of freaks
What's her reason
What's she here for
Easy girl
Easy girl
The wicked world rides on her back
The wicked world rides on her back
The wicked world rides on her back
The wicked girl lies on her back
(How we doin' honey)
(Okay honey, okay, alright)
Can she feel
But tragic visions
There's no one here
To kiss her mouth shut
Easy girl
Easy girl
The wicked world rides on her back
The wicked world rides on her back
The wicked world rides on her back
The wicked girl lies on her back
Don't stop
What's the matter with you?
Don't stop
I...! Don't be ridiculous

Don't stop
What's the matter with you?
Don't stop
I...! Don't be ridiculous
