

# Control

## Group 1 Crew

Hah

Just turn my mike up, y'all

Yeah, hah, hah

Ain't nothin new in the game,

Old flames die, but You still remain.

Remain, inside my brain 'til the day they certifiably consider me insane.

Control everything I do, like a game.

Checkmate my heart, my heart won't be the same.

You can see me with the strings still attached,

If I move, You can move me back, it's like that.

So many things I wanna say, but You already know

You see right through the heart of me

So I'll just give you what I know, You're asking for

You got every part of me

You could never ask for too much,

Got me hypnotized by the way You love.

And the truth is I, really want You for the rest of my life.

And it's true what they say about love,

A lil' bit goes a long way in trust.

I ain't ever gonna give You up,

As long as I'm still alive, I'm gonna love.

Oh, I want You to know,

You're all that I been waiting for,

I'm letting go, I think it's time for You to take control.

Take it away

Take it away

Take it away

Take it away

Take it away

Take it away

'Cause who You are makes me wanna give it away.

I don't pay attention to, the crazy things that they say

'Cause I can't get enough of You  
They try to tell me that without You I would still be ok  
But they don't know You like I know I do

I'm so moved by the way You (are).  
Shine like the brightest star and by (far),  
Only One who knows who I are (You know I'm so into You).  
And I can't believe that You're (more),  
More than I ever could've dream (for),  
It's so amazing how I (would do anything for You).

Oh, I want You to know,  
You're all that I been waiting for,  
I'm letting go, I think it's time for You to take control.

It's crazy how You got me lately,  
Can't think straight cuz I'm thinkin' 'bout You daily.  
Been through a lot and You saved me,  
Your loves ne, ne-ver failed me.  
I stayed focused cuz it's hard to cope with what this world offers when You're closest,  
To the top, but I can't flop, cuz I need your love to keep me on lock.

Don't need to look around,  
I got You to hold me down now.  
You got me, You got me, You're all I need.  
I'm givin' You control,  
So I'll never be alone.  
I know You got me, You got me.
