One Less Headache

Zebrahead

Well it's just a simple fact I
Need to have another drink or two to move on
And then ya won't matter at all
Well it's just a simple fact I
Need to lose you as a ball and chain and move on
And then ya won't matter at allWanted to believe, wanted to believe in something
Now you're one less headache left at home
Wanted to believe, wanted to believe in something
Now you're one less headache left at homeAnd now all that's left is
Shattered glass and some broken dreams for all
It really doesn't matter at all
Now that it's all said and done I
Had to have another drink for you and move on
And now you don't matter at allWanted to believe, wanted to believe in something
Now you're one less headache left at home
Wanted to believe, wanted to believe in something
Now you're one less headache left at homeWanted to believe, wanted to believe in something
Now you're one less headache left at home
Wanted to believe, wanted to believe in something
Now you're one less headache left at home, left at home
Believe in something
Now you're one less headache left at home
