

Fury Of The Wild (feat Stefan Elmgren)

HammerFall

Sighs, the fury has electrified my mind
Sighs, the hatred burns inside by the mark of vengeance I will grind
Sighs, the sound of metal falling to the ground
Sighs, by blood we will unite by blood we are forever bound
Vengeance calling me
Oh, please set me free
The fury of the wild
Locked up in this cage
Can't you feel the rage
The fury of the wild
Sighs, your silence will not sanctify your crime
Sighs, when revolution calls I will be the first in line
Vengeance calling me
Oh, please set me free
The fury of the wild
Locked up in this cage
Can't you feel the rage
The fury of the wild
Now as you stand on your own
With the future, face to face
Take a look at me now
Feel the fury, taste my rage
Come taste my revenge
Unbent - unbowed - unbroken
Vengeance calling me
Oh, please set me free
The fury of the wild
Locked up in this cage
Can't you feel the rage
The fury of the wild
