

My Kinda Man

Jackie Neal

I walk around with my head up
cause i got a man
who loves me so much
its just wonderful
you dont care
what nobody say
i know baby
youll be there anyway Your just (your just my kinda man)
my kinda man
and im loving you the best i can
Your just (your just my kinda man)
my kinda man
and im loving you the best i can
Now your deep down in my soul
and you be damn if you let go Feeling so good rubbing your hand on my back and my neck Screaming you love
me and youll always have respect Your just (your just my kinda man)
my kinda man
and im loving you the best i can Your just (your just my kinda man)
my kinda man
and im loving you the best i can (your just my kinda man)
the kinda man that will open the door for you the one that pull the chair from the table
(In im loving him the best i can) (Your just my kinda man)
the one who holds my hand when we walk
thats my kinda man
(in im loving him the best i can) Who is my guidance
(your just my kinda man
in im loving him the best i can) (your just my kinda man, thats my kinda man, in im loving him the best i can)
