

Natural Born Killer

Jason Charles Miller

One snap for the dying
One click to end the day
Another story with a mangled scene
It couldn't happen any other way
You wanna talk about it?
I'm begging you to walk in my shoes any time
Watch the clock 'til you unwind
You wanna cry about it?
It's making me consider that I've lost my mind
The way I see you must be blind
So this is the world you left behind
This is the guilt that consumes you
So die alone, this is the one thing that I won't do
So say your prayers 'cause I ain't leaving here without you
Can't bribe me with money
Can't shower me with shame
Another killer from a broken home
Until you come on me with [Incomprehensible]
You wanna know about it?
Well, I'mma be fucking with you every time
Story broken, you're behind
Yeah, when you ask about it?
You can rest assured I'll give you my best side
Seems we all have friends to find
So this is the hate I've been born to
Full of the tales of the untrue
So die alone, this is the one thing that I won't do
So say your prayers 'cause I ain't leaving here without you
And I'm waiting, waiting for the days to slowly pass me by
And all the promises I'll find
No hesitating, you've pulled the trigger now your story's left behind
I know you want to see me fry, lock my soul you hope to burn
So die alone, this is the one thing that I won't do
So say your prayers 'cause I ain't leaving here without you
To die unknown would crush the fish lens we all see through
To care the glare, expose the ugliness we hold true
