Down The Mountain

Annuals

I pulled the move
Youve seen before
So I know why
You chose to ignore
You know what I want
You know Im just boredUp near the top
All over again
Yet to you sometimes
Im prone to descend
To see if youre still
Willing to pretend, whyCause I dont know what
Yea I dont know what
To do
To do about you
To do
To do about you so I fall down the mountainTumbling fast, out of control
Unable to think, straight as I roll
Focused on the raw, the raw physical
Bone crushing words
Mark my return
Licking my wounds
I feel the wind burn
Completely ashamed, I know
Its not your concern
That I dont know what
Yea I dont know what
To do
To do about you
To do
To do about you so I fall down the mountainWhy, do you come to haunt me every night?
You haunt and make me a believer, a believer you do
And then it hits me like a dart
That were not done falling apartWe carry a torch
That cant be put out
Searching for clues
And finding more doubt
Ive known for it years,
And still done nothing about it
Yea I dont know what

Yea I still dont know what
To do
