It's on the Rocks

The Donnas

We're over, I'm all done
Yeah, it's time to have some real fun
So I'm callin' all my ladies
We're gonna key your MercedesWell, you're the kinda guy
Who needs attention around the clock
Well, you can't even talk
'Cause baby, it's on the rocks
Yeah, it's on the rocks
Well, it's me you gotta detox
'Cause baby, it's on the rocksYour luvin's like a car crash
You're gone and I got whiplash
You're a stain I can't get out
I tried to bleach and I tried shoutWell, you're the kinda guy
Who needs attention around the clock
Well, you can't even talk
'Cause baby, it's on the rocks
Yeah, it's on the rocks
Well, it's me you gotta detox
'Cause baby, it's on the rocksI apologize for all the noise
I just had to tell all the boys
That you'd rather have a Mai Tai
Then a tall glass of Bud DryWell, you're the kinda guy
Who needs attention around the clock
Well, you can't even talk
'Cause baby, it's on the rocks
Yeah, it's on the rocks
Yeah baby, it's me you gotta detox
'Cause baby, it's on the rocksIt's on the rocks
(It's on the rocks)
Yeah, it's on the rocks
(It's on the rocks)
It's on the rocks
(It's on the rocks)
Yeah, it's on the rocks
