

Obsessed With You

X-Ray Spex

You are just a concept
You are just a dream
Of the new regime
You're just a reflection
You are just a theme For the sales machine
Ooo ooo they're obsessed
You are just a symbol You're just another figure
With yoo ooo
Ooo ooo they're obsessed
Ooo ooo cos they're watching
With yoo ooo
With yoo ooo You are just a find
You are just a victim
Soon to be a casualty
A casualty of time
