

Time Flies By

Vetiver

Leery eyed, years collide
like clouds in the sky
a moment's grace
time flies by Every season we since stayed
it all divides
memories fade
time flies by all undone
fable of my own creation
words disguise the way
we feel inside
life's mystery makes
time fly by doo doo doo
doo doo doo
doo doo doo
doo doo doo doo
doo doo doo
doo doo doo
doo doo doo
doo doo doo doo doo all undone
fable of my own creation
words disguise the way we
feel inside
life's mystery makes
time fly by in its way our
time flies by
