

Inside Out

Prima J

When you look at me
Tell me what do you see beyond these green eyes?
So much more to me
Simplicity, much more that matters
I'll wipe off my makeup
Take off my pretty clothes, I'll let my hair down
Baby, yeah uh, I can be natural
Stand here vulnerable, proud as hell
So you know what I'm all about, uh huh
From the inside out
The inside out, the inside out
That's what it's about
Society puts on the pressure
And I ain't going to lie, it's hard to weather
But if you know who you are say, hey
And if you know who you are it's okay
Would you be afraid?
If you wasn't down with the outside
If you turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out
When you look at me
Tell me what you see, a mind that's endless
A soul that's yearning, a heart that's priceless?
It's time for me confess
Show you what I'm about
There'll be no more fronting, baby
'Cause the real is coming out
Take you on this little journey
So you how it's going down, uh huh
From the inside out
The inside out, the inside out
That's what it's about
Magazines put on the pressure
And I ain't going to lie, I try to measure up
But as long as you are true to you
Be your best and that's all you can do
Would you be afraid?

If you wasn't down with the outside
If you turn me inside out
You would understand
That if you only knew the inside
Then you turn me inside out
Don't let this whole thing just keep goin' on and on
Turn it inside, turn it inside
Don't let this whole thing just keep goin' on and on
Turn it inside, turn it inside
Don't let this whole thing just keep goin' on and on
Inside out, inside out, on and on and on, inside out
Don't let this whole thing just keep goin' on and on
Inside out, inside out, turn me inside out
(Turn me inside)
Would you be afraid?
If you wasn't down with the outside
If you turn me inside out, you would understand
That if you only knew the inside
Then you turn me inside out
Would you be afraid?
If you wasn't down with the outside
If you turn me inside out, you would understand
That if you only knew the inside
Then you turn me inside out
Inside out, inside out, ooh
Inside out, understand
Inside out, inside out
'Cause I wanna be and I'm gonna be
Inside, inside out
'Cause I wanna be and I'm gonna be
Inside, inside out
'Cause I wanna be and I'm gonna be
Inside, inside out
'Cause I wanna be and I'm gonna be
Inside, inside, inside out
