Gumshoe

Misteur Valaire

Don't give up
When they get you down?
The best things in life go up n down?
Keep on the 1-2
Stick like a gumshoe?
The best things in life go up n down
Keep on evolving?
Breaking records revolving?
Disco be balling?
Yo problems I be solving?
Keep on the 1-2?
Stick like a gumshoe?
The best things in life go up n downHOOKWhen world bad vibes try to put you down - it's time to turn it up
If they bringing hate yo set it straight - slap them with some love!
When world bad vibes try to put you down - it's time to turn it up
If they bringing hate yo set it straight - slap them with love!
?
Go for the gold?
Bust out the mold
Sell outs be sold?
Old stories they've been told
Again n again friend
I tell u again then
They lying when they say all good things must end then
Rhymin' rebel with a cause?
Cause I love all my brahs?
N all my sistas spin you in a twistas
Of rhyme and goodtimes?
Don't give up when they get you down
The best things in life go up n downHOOK
