

Touched By the Hand of God (7" Edit)

New Order

I was standing by the ocean when I saw your face
I couldn't look at you
I guess you knew it but I never realized
That we were through And now I'm down here all alone
With every feeling that I own
You can't take that away And with every breath we take
And the illusions we create
Will come to you someday And I was touched
By the hand of God
Never knew it
But of course I was I never hoped to do the things in this world
I wanted to
Because everything I own
It belongs to you I never looked at you in a sexual way
In my life before
And I've never woken up like this
So desperately before And I was touched
By the hand of God
Never knew it
But of course I was
