Timebomb

Pink

Screw fear, it?s contagious
Infecting everything
It makes me do such stupid, stupid stuff
I say things I never mean
What exactly do I think?
Who am I protecting?
If I fall it?ll blow up in my face
That?s just crazy
I?m delicate
I?m sensitive
Please try to be more careful
You?re mean
You?re a lunatic
Let?s try to make this fun again
It?s only love, give it away
(It?s only love)
You?ll probably get it back again
(It?s only love)
It?s simple, it?s a silly thing
Throw it away like a boomerang
I wish we all could lighten up
It?s only love, not a time bomb
I?m tired from last nights fight
I wish I hadn?t started it
I hate when my fear speaks for me
It makes me nasty
I thought we could start again
Go back to the days when we felt like friends
It?s all too serious for me
And I know I?m guilty
Matchsticks and poison
That?s what I add to the fire
My dear, I?m frozen
Turned from a saint to a liar
It?s only love, give it away
(It?s only love)

You?ll probably get it back again
(It?s only love)

It?s simple, it?s a silly thing
Throw it away like a boomerang
I wish we all could lighten up
It?s only love not a time bomb
I don?t want to be precious
I don?t want to feel stress
Life is for the living, but not a living hell
So take it
Take this
Oh, you can have all of me
Take it
Take this
Here, you can have everything
I don?t want to be flawless
When I go I want the cuts to show
So take it
Take this
Oh, you can have all of me
Break it
Take it
Oh, f**k it, have everything
It?s only love, give it away
(It?s only love)
You?ll probably get it back again
(It?s only love)
It?s simple, it?s a silly thing
Throw it away like a boomerang
I wish we all could lighten up
It?s only love not a time bomb
(It?s only love)
(It?s only love)
It?s simple, it?s a silly thing
Throw it away like a boomerang
I wish we all could lighten up
It?s only love not a time bomb
