

# Felt

## Dirty Streets

Felt  
Sure you felt something  
Felt Sure  
But it was really nothing  
You Felt  
But you're only guessing  
They're only feelings baby  
They're only feelings  
Felt  
I'd left you hanging  
Felt sure  
I'd stopped myself caring  
You felt  
That I'd stopped believing  
  
They're only feelings baby  
They're only feelings  
What is real?  
Is real reason?  
What is real?  
I still get you  
Do you still get me?  
Felt  
My skin on your skin  
Felt sure  
Sensations like raining  
You felt  
No logical thinking  
They're only feelings baby  
They're only feelings
