Our Story

YOHIO

Every time I look into your eyes
There's something deep inside my heart
That screams your name
I'll be insane If we keep going on like this
I even miss you when you're sleeping
here right next to me
There's no one else but youWe're living in a dream
An endless fantasy
You're never alone
so forget your sorrow
Hey we're meant to be
Just close your eyes, you'll see
that you're a part of me
My precious story
Fly awayAll this time
We've laughed until we cried
just to see each other smile
and now
you'll always be the one for me
that makes me feel like I'm alive
I'm still searching for that story
we always dreamt of
I hope you're searching tooWe're living in a dream
An endless fantasy
You're never alone
so forget your sorrow
When all you feel is pain
I'll kiss you in the rain
'cus everything's okay
when we're together
Me and you{Speaks japanese}We're living in a dream
An endless fantasy
You're never alone
oo forget your sorrow
Hey, we're meant to be
Just close your eyes, you'll see
that you're a part of me
My precious storyWe're living in a dream
An endless fantasy

You're never alone
So forget your sorrow
When all you feel is pain
I'll kiss you in the rain
'cus everything's okay
When we're together
Me and you
