

# Caught Up

Cheri Dennis

Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'I'm lovin' two and it's gettin' the best of me  
How can I choose when both of them are what I need?  
Searchin' for an answer  
Let me know, let me knowWhat is the price to pay for ignoring the rules?  
What do I do when I, I have to play the fool?  
I need to find an answer  
What I need, what I needCaught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'No matter how I try, I just can't help myself  
Don't wanna break it off with either one of them  
And still I just don't know  
I don't know, I don't know, caught upCan't live a lie, 'cause time always reveals the truth  
This needs to stop 'cause I, I got too much to lose  
Knew that this could happen  
Oh, I knew, oh, I knewCaught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'Caught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'I don't wanna be less than a lady  
Back and forth between it's drivin' me crazy  
Know it's wrong but I want my wayCaught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'Caught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'Please help where does love go?  
I'm so caught up in this love triangle  
I find it hard to reveal the truth between the two  
Two baby, oh baby, ohWhere does love go?  
I'm so caught up in this love triangle  
I find it hard to reveal the truth between the two  
I'm so confused, him or you?Caught up  
Caught up in the middle and I know I'm trippin'

Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin' Caught up  
Caught up in the middle and I know I'm trippin'  
Caught up, every time I say I won't, I always get this  
Caught up, somebody help me out, I'm fallin'
