

# Catch You on the Rebound

Brenton Wood

You've been gone now almost a year  
And you ask me to forget and forgive  
Later, baby  
Catch you on the rebound  
The rebound You didn't even write me or drop me a postcard  
Now you want to come back and make a new start  
Later, baby  
Catch you on the rebound  
The rebound Oh, you were the first love that I ever had  
But you've been gone so long now I don't feel so bad  
Later, baby  
Catch you on the rebound  
The rebound Rebound
